File Code: PLAN1

Dear Friend,

A copy of the Environmental Assessment (EA) for the Multiple Use and Sustained Yield of Forage is available for public review and comment. The document as well as an Executive Summary and comment form can be downloaded from our website, www.vallescaldera.gov (a link is provided on the home page). To request a CD or hard copy call the Valles Caldera Trust at 505-661-3333 or send a request via email to, comments@vallescaldera.gov. The EA is a 250 page detailed report; the Executive Summary is a 10 page summary of the key elements and findings of the EA: Preface, Purpose and Need, Issues and Alternatives, Environmental Consequences, and a summary of the environmental consequences in relation to key issues. For your convenience, the Executive Summary is posted as a separate document as well as being included in the EA.

The Trust will be accepting written public comments through 4: 30 PM MST February 2, 2009. You may submit your comments to The Valles Caldera Trust, Attn: MUSY-Forage, P.O. Box 359, Jemez Springs, NM 87025 or by email to comments@vallescaldera.gov. For your convenience a comment form is also enclosed. A summary of the comments received will be included in the final EA. Names and addresses from those providing the comments will **not** be included in that summary. However, the comments in their entirety including names and addresses will be retained in the Administrative Record which is available for public review by request. Comments submitted anonymously will be given equal consideration.

Sincerely,

/s/Dennis Trujillo
Preserve Manager
